 Thank You

- **Invoices can be Printed, Emailed, and/or faxed – A customer can ask for a printed invoice at the counter and an original invoice can be E Mailed to the Accounts Payable person at the company.**
 - (Faxing requires Gold Fax on your server)

Expenses and the Electronic Invoice

One of our customers added the **FormTrap invoicing** last year.

They told us that:

The biggest expense savings was not in postage and handling!

- While filing, ink, and postage were a factor in their savings, they were not the biggest savings.
- **In the first year, Electronic Invoicing helped to reduce their average days to pay by 6 days**
- **They significantly lowered their outstanding accounts receivable total. T**
- **They also reduced their Accounts Receivable Position from full to part time**
 - **That helped to reduce insurance cost.**

*We have already installed the new **PO form** and the ability to **Email Group Invoices** directly from ProTrac. We will be installing the new **Electronic Statement** in early **September 2015***

*Contact Mel Carney at PDSI to find out more about our **Emailing of Electronic Forms** directly out of ProTrac.*
